Two new all-digital conferences announced for 2020

The Global Landscapes Forum will sustain the conversation on building a better world post-COVID-19. With the support of CIFOR/ICRAF, the GLF Biodiversity conference, originally planned alongside the UN CBD COP, and the GLF COP26 conference originally planned for Glasgow will shift to digital formats on the same dates. Expect powerful global events to shift the narrative and change behavior. Stay tuned. (globallandscapesforum.org)

Global Landscapes Forum

The Global Landscapes Forum (GLF) is the world's largest knowledge-led platform on integrated land use, dedicated to achieving the Sustainable Development Goals and Paris Climate Agreement. The Forum takes a holistic approach to create sustainable landscapes that are productive, prosperous, equitable and resilient and considers five cohesive themes of food and livelihood initiatives, landscape restoration, rights, finance and measuring progress. It is led by the Center for International Forestry Research (CIFOR), in collaboration with its co-founders UN Environment and the World Bank and Charter Members.

Charter Members: CIRAD, CIFOR, Climate Focus, Conservation International, Ecoagriculture Partners, EFI, Evergreen Agriculture, FSC, GEF, GIZ, IPMG, CIAT, ICIMOD, IFOAM - Organics International, INBAR, IUFRRO, Rainforest Alliance, Rare, RRI, SAN, UN Environment, Wageningen Centre for Development Innovation, part of Wageningen Research, WFO, World Agroforestry, WRI, WWF Germany, Youth in Landscapes Initiative, World Bank Group
