

Title of Booth: Innovative IDEAS on Climate Smart Agriculture (CSA) with achieving the Agenda 2030 for Sustainable Development in local languages

Aim: To showcase best practices from all the CSAYN countries and partners in promoting CSA agenda in local languages

Objective: To ensure that all progress made in achieving the Sustainable Development Goals in local languages is captured and promoted during the GLF 2017 in Bonn and beyond.

Content: The booth will, among others, present the potential role of CSA in achieving Sustainable Development Goals (SDGs) in local languages, the role of youths in the CSA landscape and some concrete examples of activities implemented by members of CSAYN in some of the CSAYN countries
