

# Geography of Governance: Landscape and Resource Management

A National Environmental Dialogue on  
Landscape Governance

July 10-11, 2018  
The Crowne Plaza Manila Galleria

## Aims of the Dialogue

The National Environmental Dialogue on Landscape Governance aims to support an informed and inclusive decision making on natural resource governance should there be a shift to federal/decentralized form of government in the country, by bringing together civil society organizations, governments, and the academe.

Specifically, the national dialogue aims to:

1. Share international, national, and local experiences and knowledge on environmental policy and governance;
2. Provide an evidence-based platform of exchange for experiences and lessons learned on environmental policy and governance; and if warranted,
3. Provide policy recommendations around environmental policy and governance at the national level

## Expected Outputs

It will be highly interactive and will be participated by around 100 multi-sector natural resource managers and practitioners. By the end of the national dialogue, it is expected that the participants will decide on the actions, policy recommendations and/or principles of natural resource management and/or landscape governance. These recommendations may become an *input* for an effective natural resources management and governance whether or not a shift in the government form will take place and/or changes in the charter will occur.

Moreover, the national dialogue foresees for these managers and practitioners to commit actions to: (a) address issues at the landscape-level natural resource governance; (b) encourage collaborative efforts and agree on further dialogue(s) with the relevant stakeholders and policy-makers; and (c) consider scenario-building for natural resource policies and laws in either the current or federal/decentralized form of government.

## Discussion Streams

1. Forest and Climate Change
2. Water and Agriculture
3. Urban and Sustainable Cities
4. Coastal and Marine Ecosystem
5. Green Bills and Environment Code
6. Ancestral Domain, Indigenous Peoples and Traditional Knowledge
7. Multi-stakeholder Management
8. Community Livelihoods and Sustainable Enterprises

## Programme

Date	Time	General Schedule
July 10, 2018	08:00 AM – 8:30 AM	Registration
	8:30 AM – 10:10 AM	Opening Plenary Presentations Mechanics
	10:00 AM – 10:15 AM	Morning Break
	10:15 AM – 3:15 PM	Simultaneous Breakout Sessions: Forest and Climate Change Interface Water and Agriculture Urban and Sustainable Cities Integrated Coastal Resource Management
	3:15 PM – 3:30 PM	Afternoon Break
	3:30 PM – 5:30 PM	Plenary Discussions Open Forum Synthesis
	5:30 PM	Announcements
	08:00 AM – 8:30 AM	Registration
	8:30 AM – 9:15 AM	Opening Plenary Recap from Day 1 Presentations Mechanics
	9:15 AM – 9:30 AM	Morning Break
July 11, 2018	9:30 AM – 2:30 PM	Simultaneous Breakout Sessions: Green Bills and Environment Code Ancestral Domain, Indigenous Peoples and Traditional Knowledge Multistakeholder Management Community Livelihoods and Sustainable Enterprise
	2:30pm - 3:30pm	Plenary Discussions Open Forum Synthesis
	3:30pm - 3:45pm	Afternoon Break
	3:45pm - 5:30pm	Ways Forward
	5:30pm	Announcements

## Contact and Registration

Dennis Rosales, Forest Foundation Philippines at [landscapes@forestfoundation.ph](mailto:landscapes@forestfoundation.ph) or (02) 864 02 87/ (02) 891 05 95

Register through this link: <http://bit.ly/landscapesph>

**Important Note:** Walk-ins are not allowed. Once registration is completed, only qualified/accepted applicants will be notified through email and receive personal invitation as proof of confirmation to attend the dialogue.
